## This Bible study guide is about . . .

### Lessons one through four are about being active in God's family.

- God wants me in His family, even when I fail Him.
- The Holy Spirit helps us enjoy worshiping with others.
- I invite others to join God's family by sharing His love.
- God hears and answers our prayers according to what is best for us.

### Lessons five through nine teach us that God's presence is with us.

- We worship God when we thank Him for creating our world.
- We praise God for creating us.
- We worship God when we enjoy His Sabbath.
- We honor God when we live peacefully with others.
- We become friends with God when we spend time with Him every day.

### Lessons ten through thirteen are about experiencing God's grace.

- Jesus loves us so much that He wants us to live with Him forever.
- Jesus wants us to live with Him forever in a happy, safe place.
- God has prepared wonderful things for us to enjoy throughout eternity.
- We will sing songs of praise to God now and throughout eternity.

God's grace. *Grace* is a word that helps explain God's love in action toward people, who don't deserve it.

- Grace is God's love providing Jesus Christ as a sacrifice for our sins.
- Grace is God's love encouraging us to accept that sacrifice.
- Grace is God's love inspiring us to respond in praise and worship.
- Grace is God's love giving us the wisdom and strength to treat one another with love and respect, just the way He treats us.

**So, welcome to *GraceLink*. God's grace is power. It's the unlimited, for sure, forever power that finds you and fills you up with everything you need to live a full and wonderful life in Him.**

To the leaders/teachers,

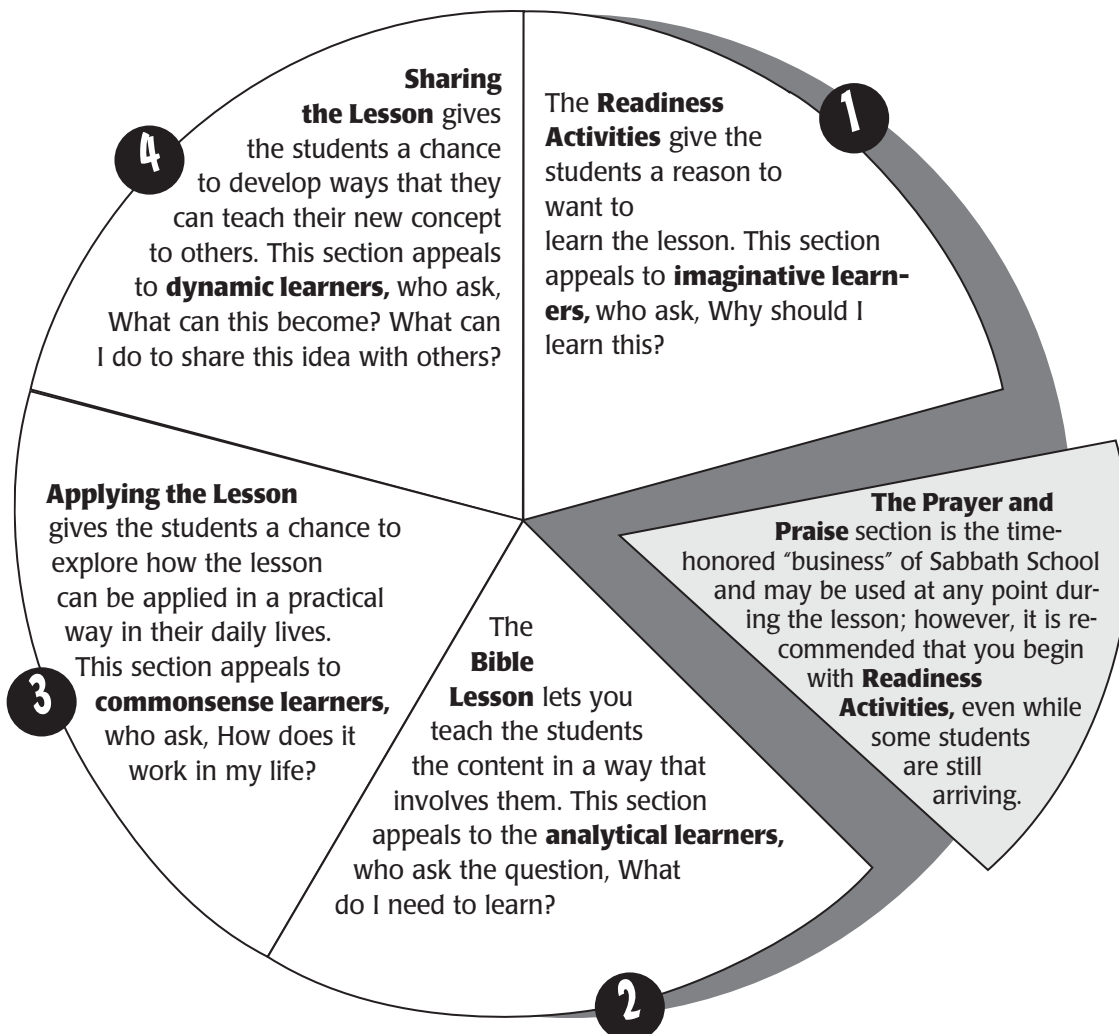

These guides were developed to:

**A. Introduce the lesson on Sabbath**, inspiring students to study that same lesson throughout the following week.

**B. Focus the entire Sabbath School time on one message**, one point about God's grace, the response of worship we make to that grace, or how that grace empowers our loving relationships with one another and our service to a world God's love created and sustains.

**C. Give students active learning experiences** so that they can more readily internalize the truths being presented. These experiences are followed by debriefing sessions in which you ask questions that lead the students to reflect on what they experience, interpret the experience, and apply that information to their lives.

**D. Reach each student in the way he or she learns best.** By following the natural learning sequence on which these outlines were based, you will also connect students with "the message" for the week in a way that will capture each one's attention and imagination.

**E. Involve the adult Sabbath School staff** in new and flexible ways. A very small Sabbath School can be managed by one adult.

A larger Sabbath School can be managed by one leader/teacher with other adult volunteers to facilitate the small group interaction. This gives small group

facilitators a maximum involvement with the students and their dynamic learning while requiring a minimum of preparation on the facilitator's part.

A creative alternative is to enlist leaders/teachers with different personal learning styles to lead different segments of the program.

(For more detailed information about the natural learning sequence, the learning styles, and other dynamics of teaching and learning, contact your conference Sabbath School or Children's Ministries directors.)
