This Bible study guide is about . . .

Lessons one through four tell us that God has always loved us.
• “God is love” is written upon all He made.
• God surrounds me with His gifts of love.
• The Sabbath is God’s special gift to us.
• God still loves us and will forgive us if we are truly sorry when we do something wrong.

Lessons five through nine teach that we tell God we love Him by worshiping Him.
• We worship God when we thank Him for His protection.
• We worship God when we are reverent.
• We worship God when we trust Him in every situation.
• We praise God for rescuing us from sin.
• We praise God for supplying our needs.

Lessons ten through thirteen tell us that Jesus shows us how to love one another.
• I help others learn about Jesus when I follow His example.
• God invites everyone to join His family.
• Children like me are welcome in God’s family.
• I show others Jesus’ love when I put wrongs right.

God’s grace. Grace is a word that helps explain God’s love in action toward people, who don’t deserve it.

• Grace is God’s love providing Jesus Christ as a sacrifice for our sins.
• Grace is God’s love encouraging us to accept that sacrifice.
• Grace is God’s love inspiring us to respond in praise and worship.
• Grace is God’s love giving us the wisdom and strength to treat one another with love and respect, just the way He treats us.

So, welcome to GraceLink. God’s grace is power. It’s the unlimited, for sure, forever power that finds you and fills you up with everything you need to live a full and wonderful life in Him.
To the leaders/teachers,

These guides were developed to:

A. Introduce the lesson on Sabbath, inspiring students to study that same lesson throughout the following week.

B. Focus the entire Sabbath School time on one message, one point about God’s grace, the response of worship we make to that grace, or how that grace empowers our loving relationships with one another and our service to a world God’s love created and sustains.

C. Give students active learning experiences so that they can more readily internalize the truths being presented. These experiences are followed by debriefing sessions in which you ask questions that lead the students to reflect on what they experience, interpret the experience, and apply that information to their lives.

D. Reach each student in the way he or she learns best. By following the natural learning sequence on which these outlines were based, you will also connect students with “the message” for the week in a way that will capture each one’s attention and imagination.
E. Involve the adult Sabbath School staff in new and flexible ways. A very small Sabbath School can be managed by one adult.

A larger Sabbath School can be managed by one leader/teacher with other adult volunteers to facilitate the small group interaction. This gives small group facilitators a maximum involvement with the students and their dynamic learning while requiring a minimum of preparation on the facilitator’s part.

A creative alternative is to enlist leaders/teachers with different personal learning styles to lead different segments of the program.

(For more detailed information about the natural learning sequence, the learning styles, and other dynamics of teaching and learning, contact your conference Sabbath School or Children’s Ministries directors.)
