Memory Verse

“God created mankind in his own image, in the image of God he created them; male and female he created them” (Genesis 1:27, NIV).

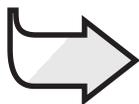

Objectives

The children will:

Know that they are created in the image of God.

Feel glad that they are part of God’s family.

Respond by thanking God for giving them His gifts of grace every day.

The Message

God surrounds me with His gifts of love.

Monthly Theme

God has always loved us, even before we were born.

The Bible Lesson at a Glance

God creates man and woman in His image to rule over the land, sea, and air. He showers them with reminders of His love and gives them dominion over everything in the new world. God creates male and female; together they fully reflect the image of their Creator. God surrounds them with beauty and gifts to show them how much He loves them.

This is a lesson about grace.

When God created Adam and Eve, He placed them in a beautiful garden home and surrounded them with tokens of His love (grace). Today God still delights to surround His children with tokens of His love and care.

Teacher Enrichment

“Eve was created from a rib taken from the side of Adam, signifying that she was not to control him as the head, nor to be trampled under his feet as an inferior, but to stand by his side as an equal, to be loved and protected by him. A part of man, bone of his bone, and flesh of his flesh, she was his second self, showing the close union and the affectionate attachment that should exist in this relation. . . .

“God celebrated the first marriage. Thus the institution has for its originator the Creator of the universe. ‘Marriage is honorable’ (Hebrews 13:4); it was one of the first gifts of God to man, and it is one of the two institutions that, after the Fall, Adam brought with him beyond the gates of Paradise. When the divine principles are recognized and obeyed in this relation, marriage is a blessing; it guards the purity and happiness of the race, it provides for man’s social needs, it elevates the physical, the intellectual, and the moral nature” (*Patriarchs and Prophets*, p. 46).

TEACHING THE LESSON

Welcome

Welcome students at the door. Ask how their week has been—what they are pleased/troubled about. Listen to last week’s memory verse and encourage the children to share any experiences from last week’s lesson study. Have them begin the readiness activity of your choice.

Readiness Activities

Select the activity most appropriate for your situation.

You Need:

- half yard/ meter of yarn for every two children
- chair for every two children

A. Double Bow

Form pairs. Say: **Each person is to put one hand behind your back. Your task is to work with your partner to wrap the yarn around the leg of the chair and tie it in a bow.**

Debriefing

Ask: **How easy was it to tie the bow? Could you have done it without your partner?** (Probably, but it would have taken much longer.) **When God made people, He gave us hands and feet so that we could do all kinds of things. He made us to reflect His image. He loves us so much that He surrounds us with gifts of love—His gifts of grace to us. Our message today reminds us of that love.**

GOD SURROUNDS ME WITH HIS GIFTS OF LOVE.

Say that with me.

B. Body Facts

In advance, set up the following work stations. Give each child a piece of paper and have them record the results of their experiments.

Ribs and Lungs

If possible, have a picture of a set of lungs and ribs. Say: **Our lungs are like balloons. They expand or get bigger when we pull air into them and they contract or get smaller as we push air out. When we breathe in, we take in oxygen that we need to live, and when we breathe out, we breathe out some of the things that our bodies need to get rid of. Our lungs are soft and are protected by our ribs.** Ask each child to write down how many ribs they think they have. Time how long each one can hold their breath.

Eyes

If possible, have a large picture of an eye. Ask each child to guess how often they blink. Divide the children into pairs and see who can stare the longest without blinking.

Debriefing

Ask: **How many ribs do you think we have?** (12) **Who could hold their breath the longest? How often do we normally blink?** (Every 5 seconds) **Who could go the longest without blinking? Who made all these different body parts work together?** (God) **When God created us, He gave us these things because He loves us. Let’s say our message together:**

GOD SURROUNDS ME WITH HIS GIFTS OF LOVE.

You Need:

- stopwatch or watch with second hand
- paper
- pencils
- measuring tapes
- Optional: pictures of ribs, lungs, eyes

You Need:

- gift-wrapped box
- pictures/items from nature (one for each child)

Bible Lesson

You Need:

- modeling clay

Experiencing the Story

Give each child a piece of modeling clay and let them model Adam while you tell the story.

Read or tell the story.

God had created the sun and the moon. He had created plants, fish, birds, and animals, but His creation was incomplete. He looked at everything and saw that it was good. But who would enjoy it?

It was time to create people.

People were to be different from the creatures and the plants. They were to be made in God's own image. And they would rule over all the things God had made.

God formed the first man out of mud from the ground. He carefully modeled the man's fingers and toes, his eyes, ears, and mouth. When God finished, He blew into the man's nose. The man began to breathe! He opened his eyes and looked around.

God smiled at the first man and called him Adam. There was a lot to do that day. God told the man that he was to be in charge of all the animals. Adam's first job was to name them. Adam probably laughed when he saw the monkeys hanging from the trees chattering to each other, and when he saw the elephants with their long trunks and big flapping ears. He stopped to pet the shy deer and wrestle with a black bear.

When Adam had named all the animals, he looked thoughtful. All the animals had a partner to keep them company, someone to share things with. But there was no one for Adam.

God said, "It is not good for man to be by himself. I will make a mate for him, someone to stand by his side, to be his friend, his wife."

This time God did not shape a person out of the dust of the ground. God made Adam fall into a deep sleep. Then He took one of Adam's ribs and created a woman.

When Adam woke up, God brought the woman to him. Adam was thrilled. "She was made from my bones and my flesh," he said. "She will be called woman, because she was taken out of man." Then Adam named the first woman Eve.

At the end of the day God looked at everything He had created—the plants, the trees, the fish, the animals, and Adam and Eve. He was pleased. And He said, "This is very good."

All that God made was good. And all that He makes for us to enjoy today is still good. He made the world for us to enjoy—and then He put us in it. Let's thank God for all He has made for us.

Debriefing

Ask: **How do you think Adam felt as he named the animals?** (Excited, happy) **How do you think he felt when he realized that there was no partner for him?**

What was different about the way God created Eve? (He took a rib from Adam.)

What did God do that showed how much He loved Adam and Eve? (He gave them a beautiful garden home and blessed their marriage.)

What did Adam and Eve think about God?

If you are pleased with the things God made for us to enjoy, raise your hand.

Our message for today is:

GOD SURROUNDS ME WITH HIS GIFTS OF LOVE.

Say that with me.

Memory Verse

Repeat the following actions until the children know the verse.

- God created mankind** Point upward. Make the shape of a person in the air.
- in his own image,** Hold up hand like a mirror.
- in the image of God he created them;** Point upward. Make the shape of a person in the air.
- male and female he created them.** Point to a boy, then a girl.
- Genesis 1:27** Point to self and then to others. Palms together, then open.

Bible Study

Divide the class into three groups, A, B, and C. Give the following assignments to the groups: Group A—Genesis 2:7, 21–23; Group B—Genesis 1:26, 27; Group C—Genesis

You Need:
• Bibles

1:28, 29, 31. Have each group read the assigned verses among themselves. Tell them that you will ask each group certain questions and they will give the answer from the verses they read.

Debriefing

Ask Group A: **How did God make Adam?** (He formed Adam from the dirt (verse 7).) **How did God make Eve?** (He made Eve from Adam’s rib (verses 21, 22).) Ask Group B: **In whose image were humans made?** (God’s image (verse 27).) **To be created in God’s image means that we are to reflect or show what God is like by our actions. What do you think it means that we were made in God’s image?** (We are special. We are important to God.) **Was anything else made in God’s image?** (No)

Ask Group C: **What did God give to Adam and Eve?** (He gave them the animals to rule over and food (verse 28).) **How did God feel about everything He had made?** (It was very good (verse 31).) **How do you think Adam and Eve felt?** (They liked everything. They felt happy.)

God made us in His image and made a beautiful world for us to live in. What does this tell you about Him? (He loves us very much.)

God still loves us today, and He surrounds us with His gifts of love. Let’s say today’s message together.

GOD SURROUNDS ME WITH HIS GIFTS OF LOVE.

3

Applying the Lesson

You Need:

- several balls of yarn (bright colors)
- *Sing for Joy*

Multicolored Web

Ask the children to scatter themselves around the room. Give the balls of yarn to different children. Ask them to toss it to someone and name a gift that God has given us. Repeat until everyone is holding at least two strands of yarn, and the yarn has formed a colorful web.

Debriefing

Ask: **What happened as we threw the yarn?** (We formed a web.)

When I count to three, lift up your hands. Count. **Does the web look different from below?**

When God created the world everything was linked together. When

He created people, He wanted to surround them with gifts of love to tell them how much He loved them.

What will happen if one person lets go of the yarn? (The web will not look as good.)

God planned everything. He didn't create people until everything on earth was ready. What does this tell you about God? (He is a perfect God. He loved Adam and Eve and their children, even before they were born. He loved us before we were born too.)

Let's say today's message and then sing "God Is So Good" (*Sing for Joy*, no. 13).

GOD SURROUNDS ME WITH HIS GIFTS OF LOVE.

Sharing the Lesson

Mirror Image

Distribute supplies and have the children make a card. Give the following directions: **Fold the paper in half. Open it up. Draw half a picture on one side of the paper. Then glue the foil on the other side. Now the picture looks complete. On the outside cover of the card, write: "You are a reflection of God's image."**

Divide the children into pairs and have them practice what they will say when they share their card with someone at home.

Debriefing

Ask: **Who will share what they are**

going to say when they share their card?

Allow time. Make sure the children are comfortable in this situation. If they are uncertain, help them think of someone and practice what to say.

How do you think they will respond? What can you tell them about how God shows His love? (He surrounds us with many gifts. Tell about them.)

Let's say our message together:

GOD SURROUNDS ME WITH HIS GIFTS OF LOVE.

Closing

Have the children stand in a circle and ask God to help them this week to reflect His love to those around them.

You Need:

- paper
- crayons/
markers
- aluminum foil
- glue

Memory Verse

“God created mankind in his own image, in the image of God he created them; male and female he created them” (Genesis 1:27, NIV).

The Message

God surrounds me with His gifts of love.

God created a beautiful and a perfect world in six days. Then He created two very special people to enjoy it. Let’s read about it.

God had created the sun and the moon. He had created the plants, fish, birds, and animals. He looked at everything and saw that it was good. But His creation was incomplete.

It was time to create people.

Making people would be different from making the creatures and the plants. People were to be made in God’s own image. And they were to rule over the animals.

So God formed a man out of the mud from the ground. He carefully made the man’s fingers and toes, his eyes, ears, and mouth.

When God finished modeling the man, He blew into the man’s nose. The man began to breathe! He opened his eyes and looked around.

God smiled at the first man and called him Adam. There was a lot to do that day. God told Adam that he was in charge of all the animals. His first job was to name them. Adam probably laughed when he saw the monkeys

hanging from the trees chattering to each other. He may have grinned when he saw the elephants with their long trunks and big flapping ears. He probably stopped to pet the shy deer and play with a black bear.

God said, “It is not good for Adam to be by himself. I will make a mate for him.”

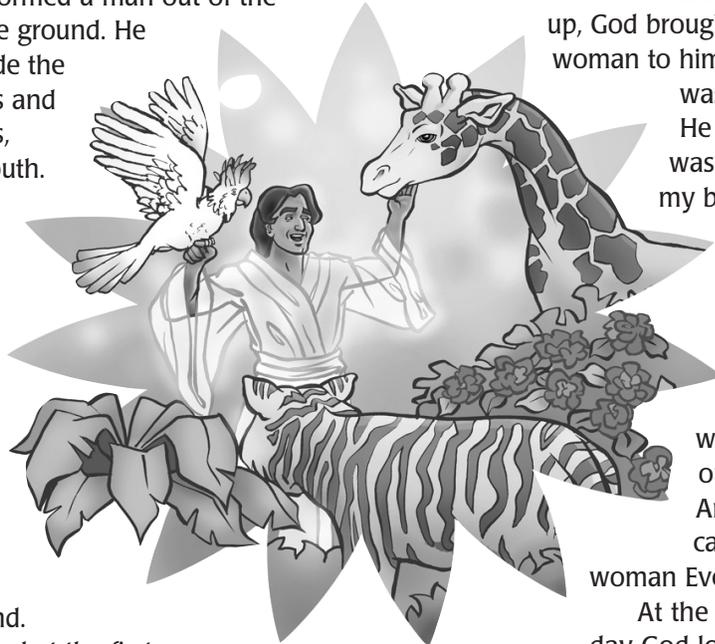

Adam had probably noticed that he was by himself. He may have noticed that all the animals had a partner. They had creatures like themselves to keep them company. They could communicate and share things. But there had been no one for him. So God made Adam fall into a deep sleep. Then He took one of Adam’s ribs and created a woman.

When Adam woke up, God brought the woman to him. Adam was pleased. He said, “She was made from my bones and my flesh. She will be called woman

because she was taken out of man.” And Adam called the first woman Eve.

At the end of the day God looked at everything that He had created.

He saw the plants, the trees, the fish, the animals, and Adam and Eve. It had been a good day! And God said, “This is very good.”
